

# Cambridge Enterprise:

**Do you have research ideas with commercial potential? We can help....**

Event: Career paths in cardiovascular and metabolism - making the connections

11<sup>th</sup> March 2022

Dr Katja Kostelnik  
Commercialisation Manager

# WHY commercialisation?

The mission of the University of Cambridge is to contribute to society through the pursuit of education, learning, and research at the highest international levels of excellence.

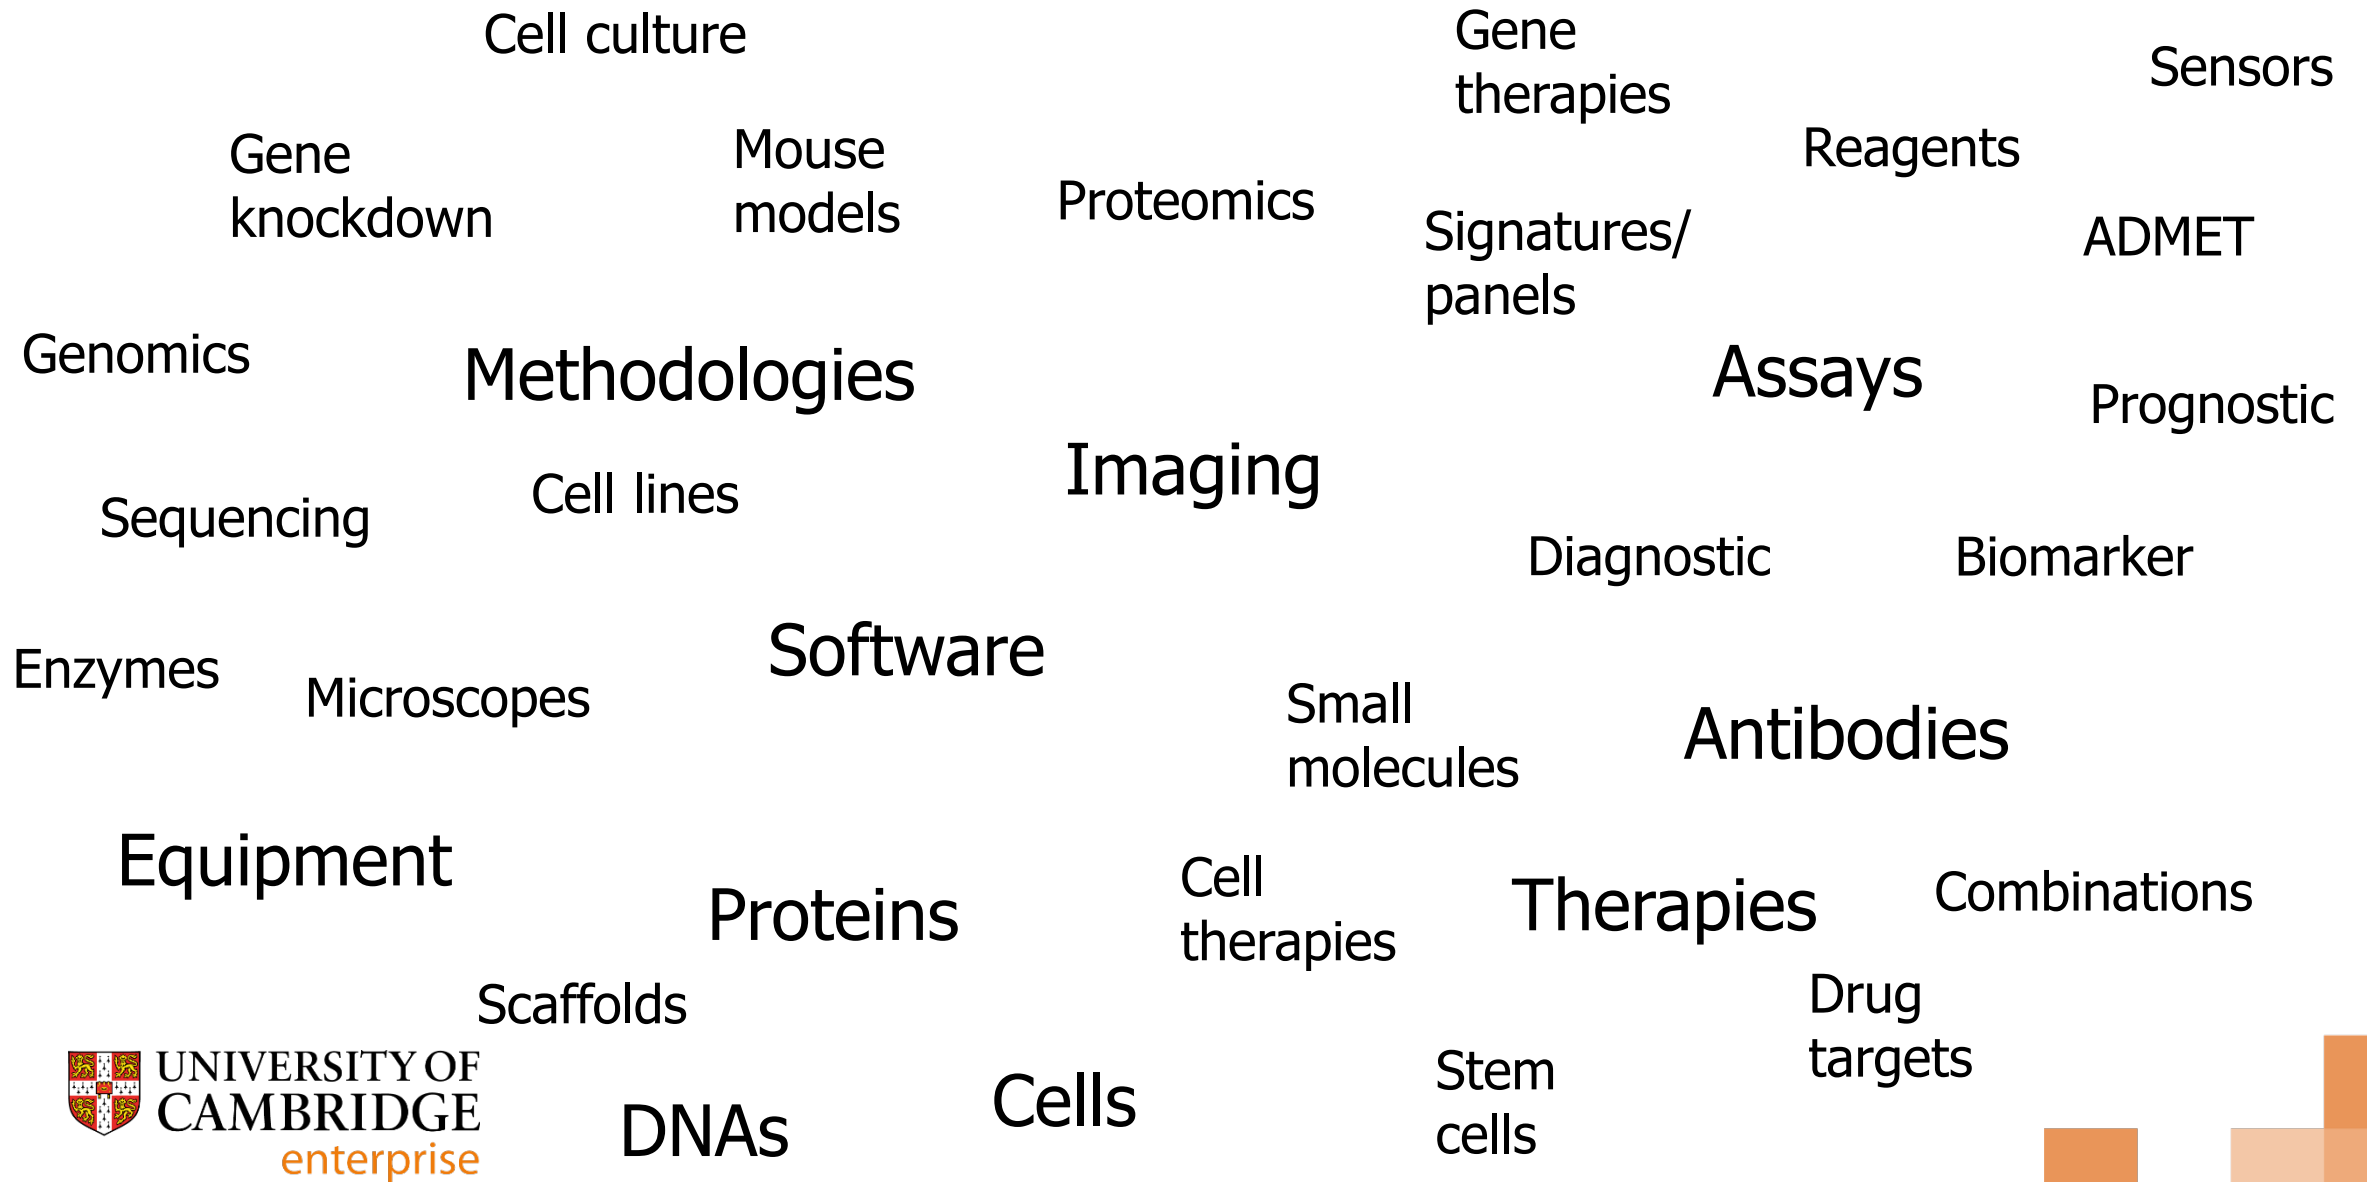

Cambridge Enterprise Limited, which facilitates the commercialisation of expertise and ideas that emerge from the University, is central to that mission.

Commercialisation is a way to generate **IMPACT**.

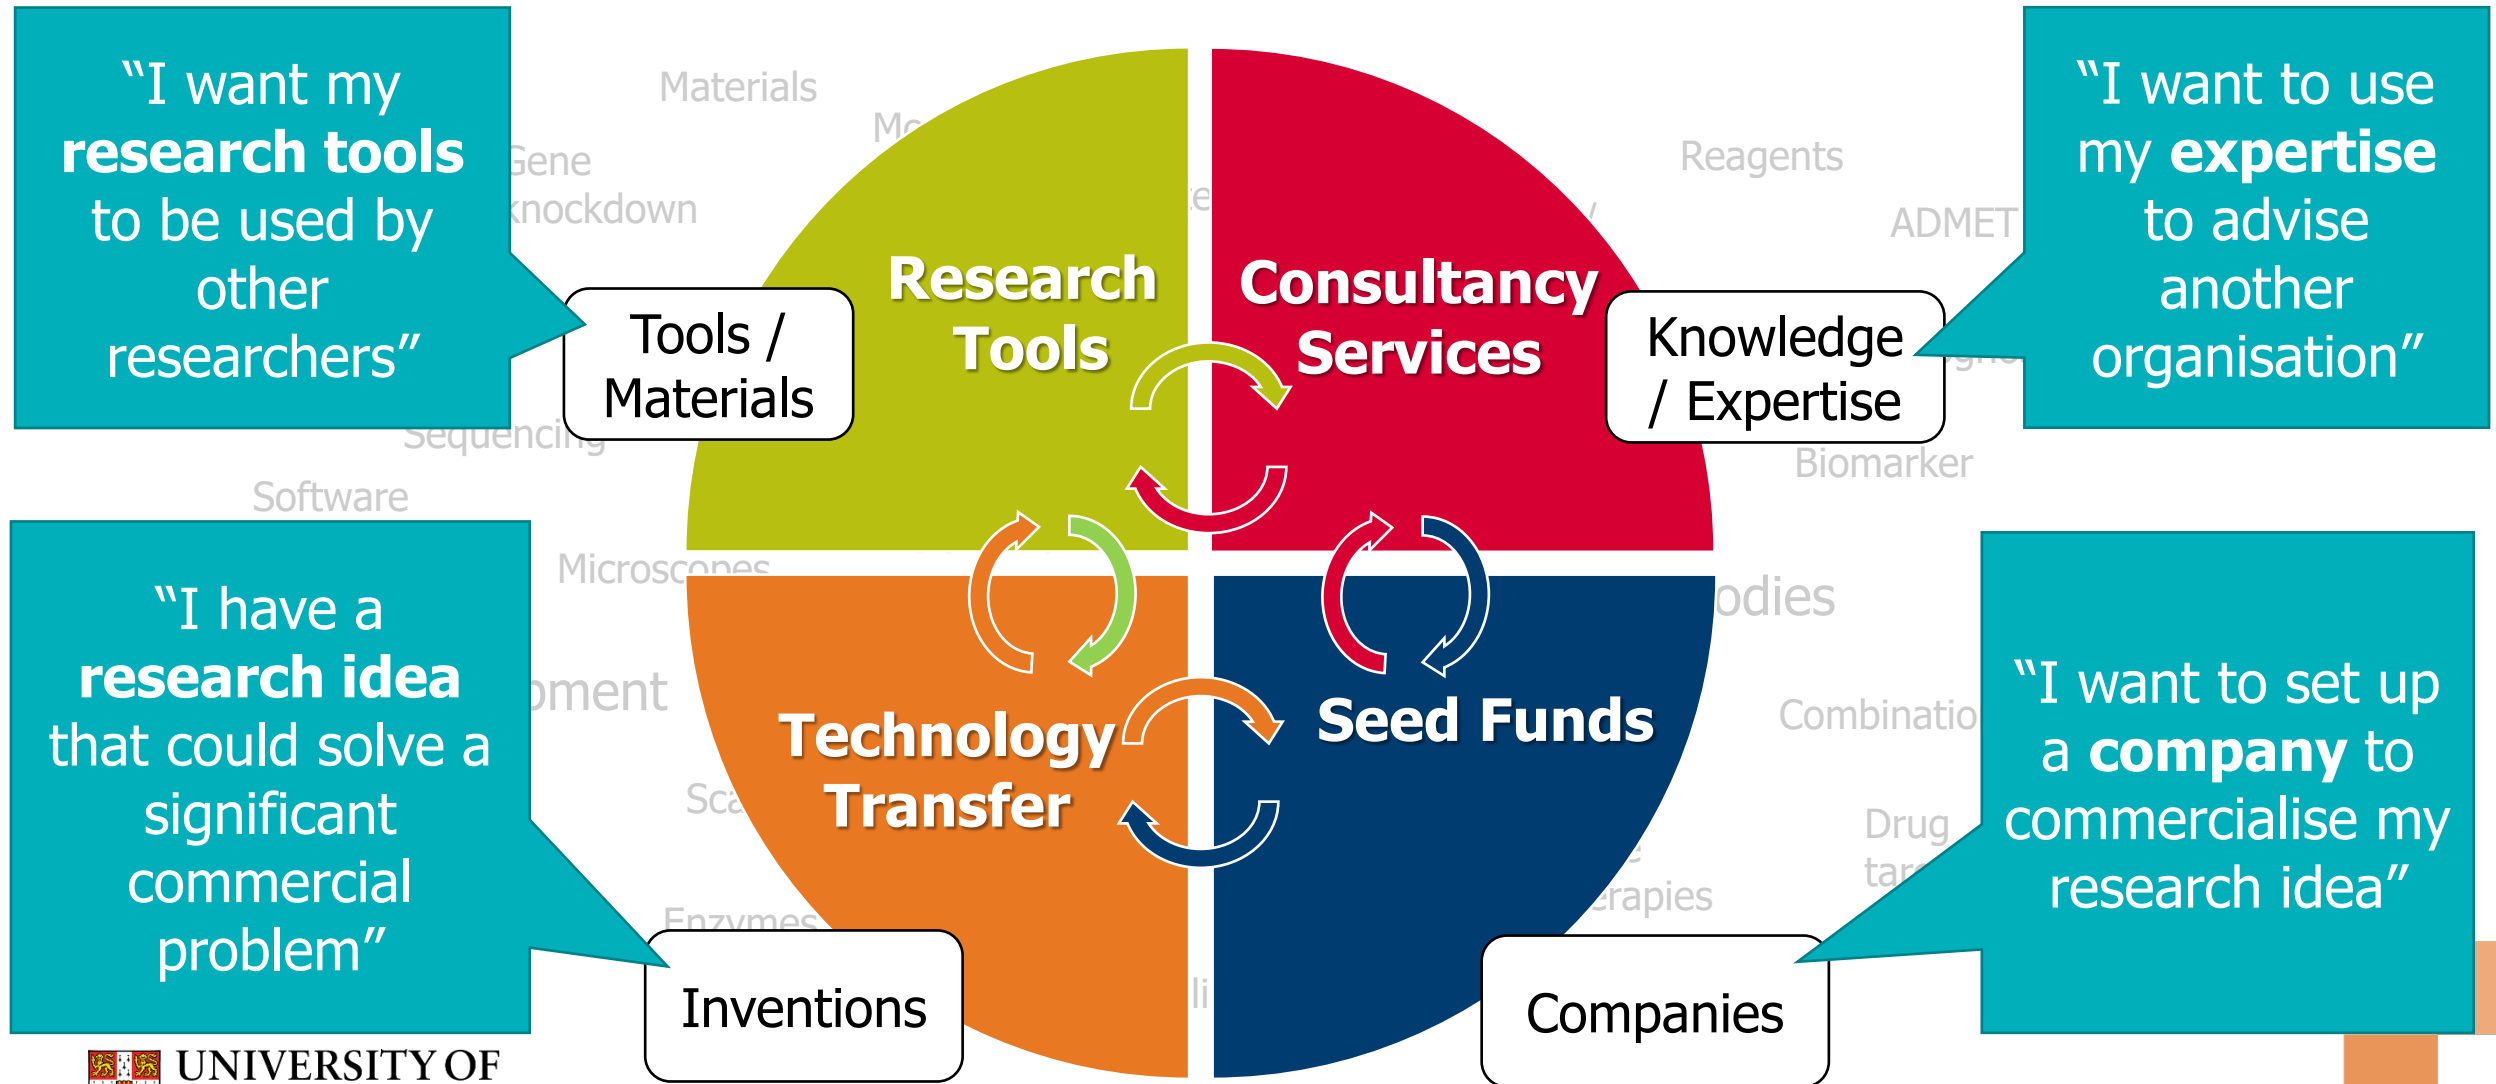

# WHY commercialisation?

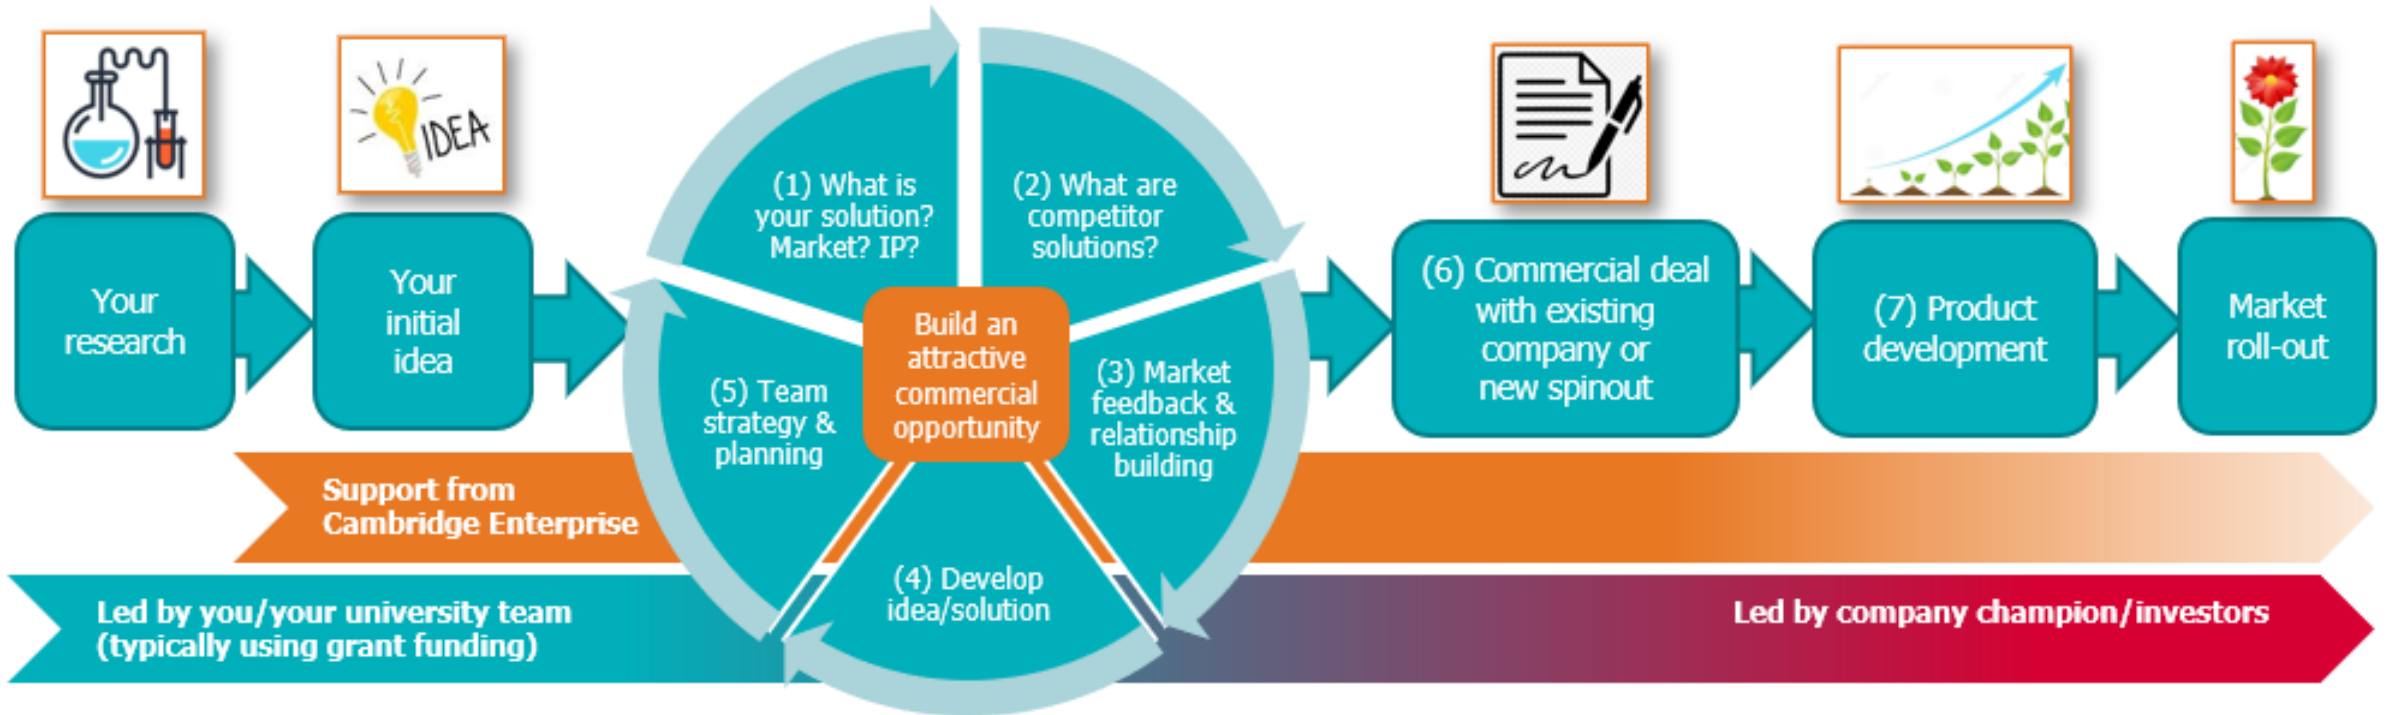

# Technologies from a Research Laboratory

# Cambridge Enterprise Support to Researchers

# Commercialisation journey for a University idea

# DIOSynVax Limited

*The Vaccine Antigen Design Company*

- **DIOSynVax Ltd** is a spin-out founded by Prof. Jonathan Heeney and his team in November 2019.
- The company has a promising new technology platform designed to **accelerate vaccine development** with a novel computational biology approach to reveal and identify the optimum antigens on the virus surface.
- CE supported and **developed investment case and business plan** with the founders.
- CE Seed Funds **provided initial seed investment** (£250k) to the company.

# Contact Us

**Before publishing** ideas with commercial potential in:

- abstract
- poster/presentation
- publication
- PhD thesis
